How Do I Know If My Computer Has NAVCE

Norton Anti-Virus Corporate Edition is a virus protection software that should be installed on all computers in the district. To verify that your computer is being protected by NAVCE, look for a small icon in the bottom right corner of your screen that looks like a yellow shield.

If your computer does not have this icon, contact the help desk at help@mansfieldschools.com or by calling 508-261-7540 x 3139
