Mansfield

Plans for the Use of ESSER III Funds:

The United States Department of Education (USED) is requiring two plans from all recipients of ESSER III funds:

- 1) A plan for the safe return to in-person instruction and continuity of services
- The requirement for this plan is likely met by your District Reopening Plan submitted to DESE in August of 2020, along with any subsequent amendments (see Tab 3 Assurances). It will need to be revisited and revised as necessary every 6 months, including soliciting stakeholder input and considering changes to CDC guidance.
- 2) A plan for the Use of ESSER III Funds, based on broad stakeholder input, and addressing the following:
- The district's prevention and mitigation strategies, including extent district has adopted CDC recommendations (Step 4.4) . How the district will use its 20% reservation of ESSER III funds to address loss of instructional time with evidencebased interventions (Step 4.2 and Tab 6, Budget)
- How the district will spend the remainder of its ESSER III funds for allowable expenditures (Tab 5) and budget (Tab 6)
- How the use of ESSER III funds will respond to the academic, social, emotional and mental health needs of all students, especially those disproportionately impacted by the COVID-19 pandemic (Tab 4.2, Tab 4.3), including:
 - · students from low-income families
 - students of color
 - English learners
 - · students with disabilities

 - · students experiencing homelessness · students in foster care

 - migratory students
 - · students who are incarcerated
 - · other underserved students

This application, when fully and thoughtfully completed, along with your District Reopening

Plans, will constitute the plans required by USED. These plans must be published on your website and must be accessible to families in a language they understand, either translated in writing or orally, as well as in an accessible format for those with disabilities.

You should expect that DESE will be collecting data and other information from you as a result of implementation of your plans for and use of ESSER funds.

l.1 4	of the plar	egulations require that the stakeholder groups below be meaningfully consulted as part ining process for use of ESSER III funds. Which of the following groups have you with? (check all that apply)	If you have not yet consulted with this group in planning for use of ESSER III funds, when and how do you plan to get their input?		
	Ø	Students			
	Ø	Families			
	V	School and District administrators, including special education administrators			
	School leaders				
	Ø	Teachers			
	Ø	Other educators			
	v	School staff			
	Unions representing educators and school staff				
		Tribes*			
	V	Civil rights organizations (including disability rights organizations)*			
	Ø	Stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.*			
	*To the ext	ent present in or served by the district			

TIP: The cells in the right column will be red until you either 1) check the box next to the stakeholder in the left-hand column or 2) write your plan to consult the stakeholder group in the left-hand column.

Step 4.2

Evidence-Based Strategies, Interventions, and Supports:

Describe how ESSER III funds, including the required 20% reservation, will be used to respond to students' social, emotional, and academic needs through evidence-based interventions, how progress will be measured, and how/if of 4.4 chosen interventions address disproportionate impact of COVID-19 on underserved subgroups. Select from the following list of evidence-based interventions and provide a narrative at the bottom of this step for any of your district's evidence-based initiatives that are not listed. Note: Your district's 20% reservation to address loss of instructional time must be spent on evidence-based interventions.

Enhanced Core Instruction	ESSER III funds for this	This strategy will address pandemic-related learning loss/disproportionate impact	What data will you use to measure progress?	Does this strategy/intervention address the disproportionate impact of COVID-19 on underserved student subgroups (each major racial and ethnic group, students from low-income families, students with disabilities, English learners, gender, migrant students, students experiencing homelessness and students in foster care)? If yes, please explain which group(s) are being served, what impact is being addressed, and how this strategy/intervention will provide support.
Expanding access to full-day, high-quality prekindergarten	Select	Select		
Purchasing and/or expanding use of high-quality, aligned instructional materials (any content area) and associated professional development	Select	Select		

Professional development for teachers and administrators re: culturally responsive teaching	Select	Select

Equitable Use of ESSER III Funds

How is your district taking educational equity into account when planning for expending your ESSER III funds?

- 1) allocating funds both to schools and districtwide activities based on student needs, and
- 2) implementing an equitable and inclusive return to in-person learning by, for example, avoiding over-use of exclusionary discipline and creating a positive and supportive learning environment for all students.

The equity audit will allow Mansfield Public School to examine Diversity, Equity and Inclusion in many ways for a full picture of DEI in Mansfield. It will help Mansfield look inward, promote strengths, realize gaps and address those gaps. We will be able to show the community what we ar already doing and emphazie strenths and starting places. To create a plan with realistic goals to help Mansfield focus on the communicate change eforts within our district's scopy of influence.

Use of the ESSER If It flunding will be used to fund the salaries of math and reading specialist who will address the achievement gaps we have identified among students of color, students with disabilities, and English learners, among others.

Step 4.4 CDC School Safety Recommendations

of 4.4 This information will come from your District Reopening Plan as well as any supplemental/revised reopening policies for your district.

		Does your district have a policy or policies on this topic?		If you have a policy but it is not described in your District Reopening Plan, please briefly describe here.		
1	Universal and correct wearing of masks	Yes	Yes			
	Modifying facilities to allow for physical distancing (e.g., use of cohorts/podding)	Yes	Yes			
3	Handwashing and respiratory etiquette	Yes	Yes			
4	Cleaning and maintaining healthy facilities, including improving ventilation	Yes	Yes			
5	Contact tracing, isolation, quarantine in collaboration with health departments	Yes	Yes			

TIP: Note that your district is not required to adopt CDC school safety recommendations to receive ESSER III funds. This data is being collected for reporting purposes.

TIP: If you have a policy on the CDC recommendation, but answer "No" that it is not described in your District Reopening Plan, this cell will turn red until you write a description in the cell.

6	Diagnostic and screening testing	Yes	Yes	
7	Efforts to provide vaccination to school communities	Select	Select One	
8	Appropriate accommodations for children with disabilities with respect to health and safety policies	Yes	Yes	
9	Coordination with state and local health officials	Yes	Yes
