

## **STUDENT TEACHING AND INTERNSHIPS**

The Committee encourages the administration to cooperate with teacher-training institutions in the placement of student teachers in the school district. All initial arrangements with the colleges and universities will be subject to Committee approval.

The Committee authorizes the administration to honor the reasonable rules and training guidelines of the sending institution.

In all arrangements made with colleges and universities, the school district will be given the privilege of interviewing and accepting or rejecting individual candidates for student teaching and internships.

The school administration will ensure there are procedures for evaluating the performance of student teachers that meet requirements of the sending institution and fit with the Committee's policies.
